Documents & Photos from Buffalo Pitts and Other Local Manufacturers of Tractors, Steamrollers, Trucks, Cars, & Motorcycles

I'm a local researcher who needs Buffalo Pitts original documents (catalogs, price lists, repair manuals, ad cards, etc.) and photos (of tractors or parts) that are not copyrighted (that is, I need original documents, not items from published books).

The Buffalo Pitts Company was also known as: Buffalo Steamroller; Pitts Agricultural; Brayley & Pitts; Pitts & Brayley; and John Pitts. Also needed is similar info on Hession Tiller & Tractor Co. (a.k.a. Wheat and/or Matthews); Orchard Mfg. Co. (a.k.a. Gasport Tractor); and Siemon Tractor Corp. These were all locally manufacturers.

I have a website (BuffaloPitts.com) to display this info and hope to one day publish a book on Buffalo Pitts and possibly others. Unique original materials would be credited to the donor. In the future, I will also need the same type of info on other local makers of steamrollers, cars, trucks and motorcycles (e.g., Iroquois, Pierce, Thomas, Stewart, Atterbury, Emblem, Waterous, Birdsall, and others).

You can contact me at: e-mail: webmaster@BuffaloPitts.com, or at Brian Szafranski, 1605 Bowen Road, Elma, NY 14059-9550; or at (716) 805-0102 (between 7-10PM). I have many of the articles published about Buffalo Pitts (E&E mag., WNY Heritage mag., Herman Sass's book, etc.) so I really need actual company documents. If you have documents that you wish to keep, I can take your scans (300dpi min) or I can scan your documents.

These local manufacturers are often forgotten and neglected when it comes to dedicated books. Please help me correct that glaring oversight. Thank you in advance.
